INDEX, VOLUME 151

A

Absorption by renal tubules of amino acids, 202
Acetylcholine and DFP, 107
Acetylcholine metabolism, effect of convulsant and anticonvulsant agents, 345
Adaptation to anoxia, 147
ADOLPH, E. F.
  Tolerance to heat and dehydration in several species of mammals, 564
  Urges to eat and drink in rats, 110
Adrenalin, effects of renal function and circulation, 621
Adrenals, effects of renal function and circulation, 621
Afferent fibers in phrenic nerve, 547
Allantoin clearance and glomerular filtration, 192
ALLEN, W. F. Effect of partial and complete destruction of the tactile cerebral cortex on correct conditioned differential foreleg responses from cutaneous stimulation, 325
Alloxan diabetes and fat diet, 581
Alveolar O_2 and CO_2 in rest and exercise, 276
ANDERSON, G. A., 174
Anoxia, tolerance to, 147, 538
Anoxia and performance, 588
Appetite in rats, 110
Arginase, effect of estrogen on, 126
Arm movements, forces exerted in, 415
AYER, J. L., W. A. SCHEISS AND R. F. PITTS. Independence of phosphate reabsorption and glomerular filtration in the dog, 168
Azotemia and transport of urate in plasma, 186

B

BAER, H., 155
BARCLAY, J. A., W. T. COOKE AND R. A. KENNEY. Observations on the effects of adrenalin on renal function and circulation in man, 621
BARD, P., 80
BECKMAN, E. L., 355
BEHNKE, A. R., 479
BERLINER, R. W., 215
BEYER, K. H., L. D. WRIGHT, H. R. SKEGGS, H. F. RUSSO AND G. A. SHANER. Renal clearance of essential amino acids: their competition for reabsorption by the renal tubules, 202
Bile and excretion of dye T-1824, 229
BING, R. J., 245
BLAIR, H. A., 415
Blood
  Ac-globulin, 338
  circulation, effects of adrenalin, 621
  coagulation, acceleration, 338
  disappearance of dye T-1824 from, 290
  displacement in pressure breathing, 258
  dye disappearance curves, 26
  effect of plasma injection on cell content, 303
  effects of starvation on, 525
  flow, peripheral, and pressure breathing, 270
  nitrogen content, 71
  O_2 and CO_2 in rest and exercise, 276
  plasma, pressor principle in, 606
Blood pressure and body temperature, 509
Blood volume
  and dye T-1824, 234, 282
  measurement of, 297
  and total available fluid, 504
Blood volumes of children, 448
Body and temperature and blood pressure, 509
BONNYCASTLE, D. D. Repeated determinations of plasma volume, blood volume and total available fluid in a group of normal trained dogs, 504
BRODY, S., 130, 342
BRYSON, M. J., 198
BUNDE, C. A., 516
Burns, redistribution of K, Na and H_2O, 155
BYERS, S. O., 192

C

Capillary permeability in blood dye, 26
Carbon dioxide
  effects of high concentrations, 479
  method for cardiac output, 245
  narcosis, 469
  in relation to oxygen pressures, 479
  tension of alveolar air, 276
  and tolerance to anoxia, 538

Cardiac output
effects of muscle trauma and of hemorrhage on, 34
endocrine factors in, 239
measurement, 45
method of determining, 245
oxygen consumption, 239
CASSELS, D. E., 438, 448
Cerebral cortex and conditioned responses, 325
Cerebral cortex, blood circulation and radial acceleration, 355
Cerebrospinal fluid and radial acceleration, 355
CHADWICK, L. E., 258, 270
Cholinesterase and acetylycholine metabolism, 345
Clearance of allantoin, 192
Clearance of creatinine by kidney, 211
CODE, C. F., G. A. HALLENBECK and R. A. GREGORY. Histamine content of canine gastric juice, 593
Components of the prothrombin complex, 63
Conductivity method for measuring cardiac output, 45
CONSOLAZIO, W. V., M. B. FISHER, N. PACE, L. J. PECORA, G. C. PITTS and A. R. BEHNKE. Effects on man of high concentrations of carbon dioxide in relation to various oxygen pressures during exposures as long as 72 hours, 479
COOKE, W. T., 621
Creatinine and kidney clearance, 211
CRISMON, J. M., 366
CRISMON, J. M. AND H. W. ELLIOTT. Effect of lanatoside C upon the survival of rats subjected to severe hypothermia, 221

D

DE BEER, E. J. Russell viper venom as a means for following the anticoagulant action of heparin, 58
DEERING, R., 576
Dehydration and heat, tolerance to, 564
DERN, R. J., J. M. LEVENE AND H. A. BLAIR. Forces exerted at different velocities in human arm movements, 415
DIAZ-GUERRERO, R., J. D. THOMSON AND H. M. HINES. Effect of thymectomy, hyperthyroidism and hypothyroidism on neuromuscular atrophy and regeneration, 91
Displacement of blood from the lungs by pressure breathing, 258
Diuresis from 2,3-dimercaptopropanol, 215
DOUGHERTY, I., 576
Dye content of arterial blood after plasma injection, 303
Dye T-1824
disappearance of from blood, 290
excretion of in bile, 229
mixing curve of, 234
mixing in cells and plasma, 282

E

EARLE, D. P., JR. AND R. W. BERLINER. Effect of 2,3-dimercaptopropanol on diuresis, 215
EICHNA, L. W., 626
ELLIOTT, H. W., 221
ELLIOTT, H. W. AND J. M. CRISMON. Increased sensitivity of hypothermic rats to injected potassium and the influence of calcium, digitalis and glucose on survival, 366
EMERY, F. E. AND A. H. LAWTON. Relaxation of the pelvic ligaments in guinea-pigs by estrogens and prostigmine, 134
Estrogen and relaxation of pelvic ligaments, 134
Estrogen, body and organ weights, 126
Evans blue dye, use in capillary permeability studies, 26

F

Fat diet and alloxan diabetes, 581
Fat feeding and carbohydrate intake, 530
FENN, W. O. AND L. E. CHADWICK. Effect of pressure breathing on blood flow through the finger, 270
FENN, W. O., A. B. OTIS, H. RAHN, L. E. CHADWICK AND A. H. HEGNAUER. Displacement of blood from the lungs by pressure breathing, 258
FINERTY, J. C. Effects of diisopropyl fluorophosphate (DFP) on acetylcholine stimulation of the frog rectus abdominis muscle, 107
FISHER, M. B., 479
FISHMAN, W. H., 26
Forces exerted at different velocities in human arm movements, 415
FOX, C. L., JR. AND H. BAER. Redistribution of potassium, sodium and water in

burns and trauma, and its relation to the phenomena of shock, 155
FRIEDMAN, M. AND S. O. BYERS. Clearance of allantoin in the rat and dog as a measure of glomerular filtration rates, 192

G

GALDSTON, M. AND A. C. WOLLACK. Oxygen and carbon dioxide tensions of alveolar air and arterial blood in healthy young adults at rest and after exercise, 276
Gastric juice, histamine content of, 593
Gastric secretion and dilute saline solution, 380
Genitalia, deafferentation of, and sexual behavior, 80
Glomerular filtration
and allantoin clearance, 192
and phosphate reabsorption, 168
GRAHAM, G., 1
GRAY, F. D., JR., R. J. BING AND L. VANDAM. An evaluation of a method involving carbon dioxide equilibration for determining cardiac output, 245
GREEN, D. M. Variations in the effect of anoxia on performance, 588
GREEN, H. D., 554
GREGERSEN, M. I., 34, 252
GREGG, D. E. AND R. E. SHIPLEY. Studies of the venous drainage of the heart, 13
GREGORY, R. A., 593
GROLLMAN, A. Effect of pregnancy on the course of experimental hypertension, 373
GURD, F. N., 391, 399

H

HALLENBECK, G. A., 593
HATCH, T. F., 626
HAWKINS, J. E., JR., 554
Heart, venous drainage, 13
HEGNAUER, A. H., 258
HEINBECKER, P., 239
HELMER, O. M., 606
Hemorrhage and cardiac output, 34
Heparin, anticoagulant action, 58
HILL, J. M., 516
HINES, H. M., 91
Histamine content of gastric juice, 593
HOKIN, L. E. AND W. S. REHM. Effect of dilute saline solutions on the gastric potential and the secretion of HCl, 380
HOLMES, J. H. AND M. I. GREGERSEN. Relation of the salivary flow to the thirst produced in man by intravenous injection of hypertonic salt solution, 252
HORVATH, S. M., 626
Hydrostatic pressures in radial acceleration, 459
Hypertension and pregnancy, 373
Hyperthermia and heat exchange, 626
Hypotension after injection of hypertonic solution, 516
Hypothalamic hyperphagia and carbohydrate intake, 530
Hypothermia and sensitivity to K, 366
Hypothermia, survival from, 221

I

INMAN, V. T., 612
Interstitial fluid volumes of children, 438
Intrathoracic and effective venous pressures, 1

J

JANES, R. G. AND M. PROSSER. Influence of high fat diets on alloxan diabetes, 581

K

KAREL, L. AND R. E. WESTON. Nitrogen content of femoral arterial and venous blood in anesthetized dogs denitrogenated by continuous inhalation of 99.6 per cent oxygen, 71
KENNEY, R. A., 621
KEYS, A., 405
Kidney
and clearance of amino acids, 202
and creatinine clearance, 211
diuresis from 2,3-dimercaptopropanol, 215
effect of pitressin on excretion of Cl and H_2O, 174
function, effects of adrenalin, 621
and glucogenesis, 198
phosphate reabsorption, 168
and response to pressor principle, 606
tubular reabsorption of sulfate, 311
urine flow in ischemic compression, 554
KLINE, R. F. Increased tolerance to severe anoxia on carbon dioxide administration, 538
KOCHAKIAN, C. D. Effect of estrogens on the body and organ weights and the arginase and "alkaline" and "acid" phosphatases of the liver and kidney of castrated male mice, 126

KOHRMAN, R. M., J. B. NOLASCO AND C. J. WIGGERS. Types of afferent fibers in the phrenic nerve, 547

L

LACKEY, R. W., 516
Lanatoside C and survival after hypothermia, 221
LAWSON, H. C., 290
LAWSON, H. C., D. T. OVERBEY, O. W. SHADLE AND J. C. MOORE.
Effect of plasma injection on dye and cell content of arterial blood, 303
Measurement of plasma volume as the distribution volume of injected autogenous plasma, 297
Mixing of cells, plasma and dye T-1824 in the cardiovascular system of barbitalized dogs, 282
LAWTON, A. H., 134
LEE, D., 355
LENEL, R., 186
LEVEEN, H. H. AND W. H. FISHMAN. Combinations of Evans blue with plasma protein: its significance in capillary permeability studies, blood dye disappearance curves, and its use as a protein tag, 26
LEVENE, J. M., 415
LEVINE, R., W. Q. WOLFSON AND R. LENEL. Concentration and transport of true urate in the plasma of the azotemic chicken, 186
LEVY, M. N., 1
LIPPMAN, R. W. Endogenous and exogenous creatinine clearances in the rat, 211
LITTLE, J. M., H. D. GREEN AND J. E. HAWKINS, JR. Evidence from crosstransfusion experiments that the diminished urine flow accompanying ischemic compression shock is not due to humoral factors, 554
LITTLE, J. M., S. L. WALLACE, E. C. WHATLEY AND G. A. ANDERSON. Effect of pitressin on the urinary excretion of chloride and water in the human, 174
Liver regeneration and dietary protein, 391, 399
LOTSPEICH, W. D. Renal tubular reabsorption of inorganic sulfate in the normal dog, 311
LOW, F. N. Peripheral visual acuity of 55 subjects under conditions of flash presentation, 319
LUNDBAEK, K. AND J. A. F. STEVENSON. Reduced carbohydrate intake after fat feeding in normal rats and rats with hypothalamic hyperphagia, 530

M

MACKAY, J. L. Effects of a narcotic level of carbon dioxide on the plasma potassium and respiration of cats, 469
Mechanics of human isolated voluntary muscle, 612
Mecholyl and sweat patterns in skin, 576
Metabolism, basal, and thiouracil, 130
MILLER, A. T., JR.
Excretion of the blue dye, T-1824, in the bile, 229
A re-evaluation of the T-1824 mixing curve, 234
MOORE, J. C., 282, 290, 297, 303
MORSE, M., D. E. CASSELS AND F. W. SCHLUTZ
Available and interstitial fluid volumes of normal children, 438
Blood volumes of normal children, 448
Motor units of muscle, 96
MUIRHEAD, E. E., R. W. LACKEY, C. A. BUNDE AND J. M. HILL. Transient hypotension following rapid intravenous injections of hypertonic solutions, 516
MURPHY, R. C., A. G. WARE AND W. H. SEEGERS. Plasma Ac-globulin activity, 338
Muscle
effects of DFP, 107
forces exerted by, 415
mechanics of, 612
sartorius, motor units in, 96
trauma and cardiac output, 34

N

NELSON, N., L. W. EICHNA, S. M. HORVATH, W. B. SHELLEY AND T. F. HATCH. Thermal exchanges of man at high temperatures, 626
Neuromuscular atrophy, thymus and thyroid, 91
Nitrogen balance and liver regeneration, 391
Nitrogen content of blood, 71
NOLASCO, J. B., 547

O

Obesity, hypothalamic, and carbohydrate intake, 530

Otis, A. B., 258
Overbey, D. T., 282, 297, 303
Overbey, D. T., J. C. Moore, O. W. Shadle and H. C. Lawson. Rate of disappearance of dye T-1824 from arterial blood, 290
Oxygen inhalation and N_2 content of blood, 71
Oxygen tension of alveolar air, 276

P

Pace, N., 479
Pecora, L. J., 479
Phillips, N. E., 147
Phrenic nerve, afferent fibers in, 547
Pitressin and excretion of Cl and H_2O, 174
